

ST. WENCESLAUS ATHLETICS EVALUATION FORM

St. Wenceslaus appreciates and acknowledges that there would be no youth athletic programs without the support of student athletes, parents, and volunteer coaches. As we are always striving to be the best at what we do, we have found that feedback from all levels is a necessity. Our program is only as good as we make it. Communication is an area that is very important in evaluating the athletic program enabling us to promote and achieve our goal of all athletic participants to experience the best youth athletic program possible. It is with this goal in mind that we ask for your help in this evaluation.
